Shaik Mohammed Shoaib
Software Engineer / React Developer (Frontend)
Hyderabad, India | 8500173355 | shoaib173255@gmail.com | LinkedIn

---

Professional Summary

Frontend Developer with 1+ year of hands-on experience in building scalable, responsive, and SEO-optimized web applications using **React.js, Next.js, Redux, and Material UI**. Strong experience in developing dashboards, integrating RESTful APIs, optimizing performance, and improving user experience. Proven ability to work in Agile environments and collaborate with cross-functional teams to deliver high-quality business solutions.

Technical Skills

Frontend Technologies:
React.js, React Hooks (useState, useEffect, useContext),
Next.js, JavaScript (ES6+), HTML5, CSS3,
Redux, Redux Toolkit, Material UI (MUI)
Web & Performance:
Responsive Design, Cross-Browser Compatibility, SEO Optimization, Lazy Loading, Code Splitting, Performance Optimization
API & Integration:
RESTful APIs, Axios, Fetch API
Tools & Platforms:
Git, GitHub, GitLab, VS Code
AI Tools:
ChatGPT, Perplexity, Claude, Gemini AI, Jules, Firebase Studio
IDE Tools:
ChatGPT, GitHub Copilot, Cuser, TRAE, Windsurf
Core Skills:
React Hooks, Functional Components, State Management,
REST APIs, API Integration, Component Reusability,
Performance Optimization, Responsive Design,

Work Experience

Software Engineer

Data Insight – Bengaluru
July 2024 – June 2025

- **Designed and developed responsive user interfaces using React.js, Next.js, and Material UI for enterprise web applications.**
- **Built dynamic dashboards and reusable UI components to handle complex business workflows.**
- **Migrated a legacy React application to Next.js, resulting in approximately 30% improvement in page load speed and SEO performance.**
- **Integrated RESTful APIs to display real-time system metrics and business data.**
- **Optimized component rendering and Redux state management to reduce unnecessary re-renders and improve performance.**
- **Collaborated with backend developers, QA teams, and product stakeholders in an Agile environment.**

Insight View Web – Dashboard Application

Tech Stack: React.js, Next.js, Redux, Material UI

- **Developed modular dashboard interfaces including domain management, sensor registration, and configuration modules.**
- **Implemented responsive tables, forms, dialogs, and filters using Material UI.**
- **Improved maintainability through structured folder architecture and scalable Redux state management.**
- **Enhanced usability and consistency across the application for business users.**

Responsive School Website

Tech Stack: React.js, CSS3, Material UI

- **Built a mobile-first, SEO-friendly school website with fully responsive layouts.**
- **Integrated image sliders using Swiper.js for improved user engagement.**
- **Optimized meta tags and deployed the application on a custom domain.**

Education

Bachelor of Technology (B.Tech)

Sri Venkateswara College of Engineering & Technology, Chittoor, AP
